LE GUANAHANI - ST. BARTHS

The largest hotel on St. Barth has only 67 rooms, and at Le Guanahani they are anything but simply 'rooms'. Each is unique yet equally stunning, from suites to cottages nestled along the hillsides on the 18 acres of tropical paradise overlooking two magnificent beaches.

Nearly all of the rooms have an ocean view, and 14 ultra-swanky villas have their own private pool. Bartolomeo for dinner overlooks koi ponds nestled in the forest, while the beachfront Indigo touts a poolside bar and the freshest afternoon fare for when patrons wish to relax in the shade. With its own bay on the Grand Cul de Sac Beach, Le Guanahani is one of the only spots on the island that maintains cool breezes as well as perfectly flat water, the perfect conditions for windsurfing, kiteboarding, kayaking and paddleboarding.

For more relaxation there is also the onsite Spa My Blend by Clarins with its own tranquil pool and plenty of Paris style. For sport there's no better place for exercise than the oceanfront fitness center and two tennis courts on the property. Celebrating its 30th year with the completion of a 4 year, \$40 million resort wide enhancement project, it's never been a better time to relax and enjoy all of the Swankiest treats that this chic French island has to offer!
